FOR IMMEDIATE RELEASE

Virtual Opportunity for Community Input on Health in Northeast Colorado

Sterling, Colo. – October 27, 2022: The Northeast Colorado Health Department has been holding community engagement meetings in each County over the past 5 weeks to gain community input for our Community Health Assessment that will inform decision-making, the prioritization of health problems, and the development, and implementation of our next public health improvement plan.

There will be a regional community engagement meeting held virtually via Zoom on Tuesday, November 1, at 5:30 p.m. To register for this virtual meeting, please go to our website (www.nchd.org), click on the “find a meeting – register” button and register for the last meeting (virtual only). The Zoom information to join the meeting will be sent to you.

We would like to invite all members of the community to take part in this health assessment. If you know of others that may be interested in participating as well, please share this information with them.
